Designed by Luke LaFontaine and Dave Baker, Cold Steel's new one-handed Messer is a sword that just has to be held to be appreciated! This modern interpretation of the historical German Langes Messer (or Long Knife) is beautifully balanced and a joy to use. Thinner and lighter than many of our current offerings, it handles almost like a giant Bowie Knife! Its clip-point style blade is fully sharpened on the primary edge, with an un-sharpened "false edge" terminating in a sturdy upswept point. The Messer's stylish and functional cross-guard, knuckle bow and pronounced shell-shaped "Nagel" are also blued to match the blade and enhance the rich brown of the rosewood handle scales. Complete with a black leather scabbard with blued fittings, this beautiful new addition to our Man at Arms series has already become a firm favorite with our crew, and we're sure it will be a popular addition to your collection!
