The pommel is inscribed with runes and the grip is wrapped in genuine leather. Rat-tail tang construction. Plaque: Wood, silk screened with symbols of the Kingdom of Gondor.

With over 100 million copies sold in over 40 languages, millions have grown up with "The Lord of the Rings," the classic epic tale considered by millions to be the greatest fantasy-adventure story ever told. J.R.R. Tolkien's phenomenal epic trilogy chronicles the struggle between good and evil for possession of a magical ring. The book trilogy, named the most popular book of the 20th Century, is the motion picture event of the 21st Century. "The Lord of the Rings" is presented in a trilogy of feature films from New Line Cinema, "The Fellowship of the Ring," "The Two Towers," and "The Return of the King," the last to be released in December 2003. A work of sheer invention on a staggering scale, "The Lord of the Rings" takes us back to Middle-earth, an era that predates written history, where humans share the world with immortal elves, powerful wizards, and industrious dwarves.

Narsil/Anduril are perhaps the most famous swords in "The Lord of the Rings" trilogy. At the end of the second age of Middle-earth, Narsil's blade was shattered, as Elendil fell during the Last Alliance of Elves and Men in the great battle against Sauron, creating the Shards of Narsil. Isildur, Elendil's son, then used the broken hilt of Narsil to cut "The One Ring" from Sauron's finger, breaking the bonds of his power, banishing his evil shadow into the darkness. The Shards were kept in Rivendell, the house of Elrond, for safe keeping. Legend told that the sword would one day be reforged and the king would return.

Product parameters:

- Total length: 132 cm
- Blade length: 101 cm
- Blade thickness: 6 mm
- Weight: 2,55 kg
- Cross-guard: 26,5 cm
