Here are perhaps the finest production push knives in almost 150 years. They have the cutting and piercing potential of a larger knife, but are small enough so that they can be easily attached to tactical web gear, tucked in a waistband or boot top, or even strapped to a wrist or ankle.

The Safe Keeper III offers outstanding versatility, especially as a boot knife. Its light weight and overall length of five inches make it the perfect combination of small size and big performance. The single edged design of the Safe Keeper III means you can safely "choke up" on the blade for extra fine work, while the false edge provides superior point strength. With only one sharp edge, the Safe Keeper III can double as a rescue knife.

Product parameters:

- Blade length: 6,4 cm
- Total length: 12,7 cm
- Steel: AUS 8A
- Weight: 99,2 g
- Handle length: 4,4 cm
- Scabbard: Secure-EX

---
