Tough enough to do the job and light enough to be handy, Cold Steel's Mini Tuff-Lite folder is there when you need it. It's perfectly sized to slip into a pocket, clip to your waistband, or wear around your neck on a lanyard. It offers a 2" long, wide, hollow ground blade that's mercilessly sharp and can shear through the toughest materials with unexpected ease. It's highly useful for precision work and delivers deep penetration, yet its un-aggressive looking slant point tip, isn't likely to draw unwelcome attention. The Mini Tuff-Lite is bred for work and offers a surprisingly good grip due to its superbly engineered handle. Made of Grivory, it offers an enormous strength to weight ratio and features our state of the art Tri-Ad® lock, which gives it astonishing muscle for its size. It's inconspicuous and small, yet strong and tough. And it's light enough to carry with ease. Surely, it's the best accessory you'll ever carry.
