### Category:

**Product ID:** AH2108  
**Manufacturer:** Hanwei  
**Price:** 99.00 EUR  
**Availability:** In stock

[See it in our store.](#)

Our two Combat Helms are both crafted in 14 gauge steel, to comply with the combat regulations of many re-enactment societies, with solidly welded bar attachments. The finish is satin black and the interior is unlined for customization to individual preferences. The AH2108 has a hinged faceplate (hinges up when not in use), while the AH2109 model is of one-piece construction. Bar spacing on both complies with most societal regulations.

### Product parameters:

- Weight: 3,7 kg
- Height: 28 cm
- Thickness: 2 mm
