Constructed of hand-painted, cold cast resin Solid pewter miniature swords (not detachable) Wood display bases, serialized steel plates Includes certificate of authenticity.

"Vardor Wields Valermos" is the first in a series of high quality limited edition Swords of the Ancients cold cast statues from United Cutlery Brands, makers of high quality adult collectible knives and swords. The statue, sculpted and handpainted under the supervision of fantasy artist, Kit Rae, was painstakingly created from his detailed drawings and specifications. The pose is based on his "Battle at the Tower" painting, included as a print with Anathros and Valermos (KR0006 and KR0007), from the Swords of the Ancients collection. It features Vardor in his elaborate plate mail armor at the moment he confronts the warrior Aluen in battle. In one hand is his shield emblazoned with the standard of his Shadow Army, a flaming hawk. In the other hand is the Valermos sword, crafted from solid pewter. His great helm is adorned with Baelin spines and Barumen horns. This fine collectible is strictly limited to 2500 castings worldwide and is individually serialized on the steel plate that adorns the solid wood base.
