[See it in our store.](#)

The 0610 Automatic is built in the tradition of ZT's practically indestructible construction and top-of-the-line materials. It features fully automatic blade deployment and, as such, is regulated by Federal laws. This knife is only sold through authorized dealers and cannot be shipped through the US Postal Service. To compliment its automatic operation, the 0610 also features the ZT Push Button Auto Lock. It operates with the push of a button and features a secondary slider lock that prevents the button from being accidentally depressed and deployed. Just move the secondary slider forward into a notch under the button and it's completely secure. The Push Button Auto Lock was specifically designed to operate easily, even with gloves on. 154CM blade steel and machined, aircraft-aluminum handles make this partially serrated, folder sturdy and reliable.

Product parameters:

- Steel: 154CM
- Handle: 6061-T6, G-10
- Blade length: 8,9 cm
- Total length: 22,2 cm
- Weight: 142 g
